MISEELLANEOUS.

THE AMALGANATION OF LANGUAGES.—There is a growing tendency in this age to appropriate the most expressive words of other languages, and after a while to incorporate them into our own; thus the word Cephalic, which is from the Greek, signifying "for the head." Is now becoming popularized in connection with Mr. Spalding's great Headache Remedy, but it will soon be used in a more general way, and the word Cephalic will become as common as Electrotype and many others whose distinction, as foreign words has been worn away by common usage unfil they seem "native and to the maner born."

'ARDLY REALIZED.

Hi 'ad 'n 'orrible 'eadache this haftermoon, hand I steppe into the hapothecary's, hand says hi to the man, "Can you hees me of an 'eadache f" "Does it bache 'ard," says 's. "Han ceedingly," says hi, hand upon that 'e gave me a fcepable Pill hand 'pon me 'onor it cured me so quick that I 'ardly realized

Headache is the favorite sign by which nature makes known any deviation whatever from the natural state of the brain, and viewed in this light it may be looked on as a safeguard, intended to give notice of disease which might otherwise escape attention, till too late to be sumadied; and its indications should never be neglected. Headaches may be classified under two names, viz.: Symptomatic and Idiopatalie. Symptomatic Headache is exceedingly common, and is the precursor of a great variety of diseases, among which are Apoplexy, Goott, Rheamskinn, and all febrille diseases. In its nervous form it is sympathetic of disease of the atomach, constituting side kaudache, of hepatic disease constituting bilevas headache, of worms, constipation, and other disorders of the bowels, as well as renal and uterine affections. Diseases of the heart are very frequently attended with Headches; Anemia and plethors are also affections which frequently ecasion headache. Idiopathio Headache is also very common, being usually distinguished by the name of nervess headache, sometimes coming on suddenly in a state of apparently sound health, and prostrating si once the mental and physical energies, and in other instances it comes on slowly, heralded by depression of spirits or accrity of temper. In most instances the pain is in the front of the head, ever one robth eyes, and sometimes provoking vomining; smooth this class may also be named Neuralgia.

For the treatment of either class of Headache, the Cephalic Pills have been found a sure and safe remedy, relieving the most acute palus in a few minutes, and by its subtle power aradicating the diseases of which Headache is the unerring index.

CONSTIPATION OR COSTIVENESS.

No one of the "many tils fleen is heir to" is so preveient, so little understood, and so much neglected, so Costiveness. Often originating in carelessness, or sedentary habits, it is regarded as a slight disorder of too little consequence to encite anxiety, while in reality it is the precursor and companion of many of the most statel and dangerous diseases, and unless carly eradicated if will bring the sufferer to an untimely grave. Among the lighter evidence of which costiveness is the usual attendant are Headache, Colic, Rheumatism, Foul Breath, Piles, and others of fike instance, while a long train of frightful diseases such as Malignant Severs, Abcesser, Dysantery, Diarrhea, Dryspepia, Apoplexy, Epilopsy, Paralysis, Hysteris, Hypochondriasis, Melancholy, and Insanity first indicate their prosence in the system by this siaraning symptom. Not unfrequently the diseases named originate in Constipation, but take on an independent existence unless the cause is eradicated in an early stage. From all these considerations it follows that the disorder should receive immediate attention whenever it occurs, and no person should neglect to get a bex of Cephalic Pills on the first appearance of the complaint, as thair timely use will expel the insidious approaches of disease and destrey this dangerous foe to human life.

TWENTY MILLIONS OF DOLLARS SAVED.—Mr. Spaiding has sold two millions of bottles of his celebrated Prepared Glue, and it is estimated that each bottle saved at least ten dollars worth of broken furniture, thus making an aggregate of twenty millions of dollars reclaimed from total loss by this valuable invention. Having made his Glue a household word, he now proceeds to do the world still greater service by curing all the aching heads with his Cephalic Pills, and if they are as good as his Glue, headsches will soon vanish away like snow in July.

OTER EXCITEMENT, and the mental care and saxiety incident to close attention to business or study, are among the numerous causes of Nerrous Headache. The disordered state of mind and body incident to this distressing complaint is a fatal blow to all energy and ambition. Sufferers by this disorder can always obtain speedy relief from these distressing attocks by using one of the Cephalic Fills whenever the symptoms appear. It quiets the overtasked brain, and souther the strained and jar-ring nerves, and relaxes the tension of the stomach which always accompanies and aggravates the disordered condition of the brain.

FACT WORTH KNOWING.—Spaiding's Cephalic Pills are a cartain cure for Sick Headache, Nervous Headache, Costiveness and General Debility.

GREAT DISCOVERY.—Among the most important of all the great medical discoveries of this age may be considered the system of vaccination for protection from Small-Pos, the Cepthale Pill for relief of Headache, and the use of Quinine for the prevention of Fevers, either of which is a sure specific, whose benchets will be experienced by suffering humanity long after their discoverers are forgotten.

Din you ever have the Sick Hesdache? Do you remember the throbbing temples, the fewered brow, the loathing and disput at the sight of food? How totally unit you were for pleasure, conversation, or study? One of the Cephalia Fills would have relieved you from all the suffering which you then experienced. For this and other purposes, you should always have a box of them on hand to use as occasion requires.

CEPHALIC PILLS, CURE NERVOUS HEADACHE!

CEPHALIC PILLS, CURE ALL KINDS OF HEADACHE!

By the use of these Pills the periodic stracks of Nerson rick Headache may be prevented; and if taken at the commence ment of an attack immediate relief from puls and clokeses will be obtained.

which females are so subject.

For Literary Men, Students, Politate Females, and all persons of sedentary hobits, they are valuable as a Lazartice, improving the appetite, giving tone and eiger to the digestive organs, and restoring the untursi elasticity and strength of the whole system. THE CEPHALIC PILLS are the result of long investigation and carefully conducted experiments, having been in use many years, during which time they have prevented and relieved a vast amount of pain and suffering from Headache, whether originating in the nervous system or from a deranged state of the
